

"For over 50 years I have always kept Ayer's Cherry Pectoral in the house. My father often told me that it saved my life when I was very young."

In thousands of homes Ayer's Cherry Pectoral is a household word. It has been used first by the grandparents, then by the parents, and now by the children. For colds and coughs, croup, bronchitis, la grippe, inflammation in the throat or in the bronchial tubes.

## Ayer's Cherry Pectoral

is the standard remedy the world over. It contains no narcotic or poison. Accept no substitute. Put up in large and small bottles.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass., U. S. A.

## LINOLEUM

### Lasts Longer

than painted or varnished floors and is far more satisfactory. Paint or varnish soon shows marks, where linoleum does not. Linoleum comes in beautiful fresh-painted or inlaid patterns and is easy to keep clean. Our linoleum is very thick and will wear for years. We have a large new stock now on hand and in vite inspection.

## HARVEY DOES GOOD SHOOTING

A SCORE OF 139 OUT OF A POSSIBLE 140 BIRDS HIS LAST RECORD.

At the weekly shoot of the Hawaiian Gun Club held at the Kakaako traps on Wednesday afternoon J. W. Harvey made a new record for the island in accurate trap shooting. In seven matches he has made 139 out of 140 birds.

Harvey has had a handicap to overcome and for that reason the other members have been able to have their names engraved on the cup. Three men, Harvey, Porter and Connor, have each won it and if either should win again the cup becomes his property. In Wednesday's shoot Harvey and W. E. Wall tied. Wall with a handicap of two made 20 out of a possible 22. Harvey however made a clean score. A shoot off was made which resulted in a tie, Harvey making 9 out of 10 and Wall 9 out of 11. A second shoot off was made and Harvey made 10 out of 10 while Wall made 9 out of 11.

The other scores made were as follows:

J. A. Robb—6 out of 21.  
E. Kopke—17 out of 27.  
K. B. Porter—17 out of 20.  
J. Conner—17 out of 22.

### SPORT NOTES.

The Kalamianale Baseball League will give a benefit dance at San Antonio Hall on September 21 and the proceeds will go towards buying some new baseball paraphernalia. Every player will come in the baseball uniform of the club which he belongs to, the ladies are requested to wear shirt waists. The Iolani Glee Club will furnish the music for the dance. The following committee will have charge of the dance: Arrangement, A. K. Viera; refreshment, William Medeiros, Benjamin K. Asan, William W. Marshall, O. B. Macnaught; floor, Robert Asan, M. T. Marshall, Jr., J. S. Nascimento.

News was received yesterday that Al Moore was here some years ago and who played on the old Star and also the Elks baseball team, has been made umpire for the coast league and will umpire the rest of the season with Perrine, who was also an Elk player.

## THE BUG MEN HOLD A MEETING

ENTOMOLOGICAL SOCIETY IN SESSION AT PLANTERS' EXPERIMENT STATION.

A meeting of the Hawaiian Entomological Society was held last evening at the Sugar Planters' Experiment Station, presided over by its President W. M. Giffard.

Some interesting papers were read and reports submitted and filed as to the work of the Society since its last meeting. Mr. Swezey showed a specimen of wasps which he stated has recently been observed on Oahu. It has been numerous on some of the other islands, but it is only recently that it appears to have arrived here. He also reported that Report No. 4 of the Society's proceedings was in the hands of the printer and would be ready by the time of the next meeting.

Mr. Giffard had on exhibition a collection of North American beetles numbering about 8,000 specimens, which he had secured for reference purposes.

Mr. Kotinsky, the secretary of the Society, read a paper on Coccidias (scale bugs) from Singapore, collected by Mr. Muir.

The meeting was a very interesting one. Those present were President Giffard, Messrs. Chambers, Davis, Eckart, Craw, Kotinsky, Swezey and Terry.

### BORN.

MACFARLANE—In Honolulu, September 5, 1907, to the wife of Walter Macfarlane, a son.

THE BOLT PEELED ONIONS. "A bolt of lightning in Maine peeled a sack of onions," according to the Rochester Chronicle. Most extraordinary. Usually it is the thunder that does the peeling.—Kansas City Journal.

### YOU TAKE AN UMBRELLA

If you think it will rain. On the same principle, take a Dr. Miller's Anti-Pain Pill, "the Little Comforters," when you have reason to believe you will have an attack of headache, tooth ache, neuralgia, indigestion—or those terrible bearing-down pains. They will prevent the attack, and keep you immune from pain just as an umbrella will prevent the rain from falling upon you. Money back if first package fails to benefit.

## CRUISER MEN HAVE PRACTICE

MARYLAND AND PENNSYLVANIA SAILORS DO SOME BASEBALL WORK AT AALA PARK.

Yesterday afternoon at Aala Park the baseball teams of the cruiser Maryland and Pennsylvania had a practice the final one before the games with the local teams. They showed up very well at practice but they were not doing their best.

Their fielding is above the average and is a shade better than the kind shown by the local teams. The pitchers seem to have good control of the ball, but they were not letting themselves out. The odds look a little bit in favor of the local teams but no one can tell until they get started. The games tomorrow will start promptly at 2, and one of the largest crowds that have ever been to a game here will no doubt be present at the games.

## JOE NEALON MAY COME TO HONOLULU

THE PITTSBURGH BASEBALL STAR WANTS TO MAKE TRIP WITH MIKE FISHER'S CROWD.

SAN FRANCISCO, Aug. 27.—Mike Fisher received a letter from Joe Nealon yesterday which was written while the Pittsburgh Club was playing at Boston last week. As soon as Fisher made arrangements to take a team of all-stars to Honolulu this fall he wrote Nealon tendering him a position. First base was the position Fisher wanted him, and while Nealon has not accepted unconditionally, the Fillmore-street cigar merchant will wager a few kopecks that Joe is with them when the good ship pulls out of San Francisco bay on November 16, which is sailing day. Nealon writes that he will be with the gang providing his people at home don't raise strenuous objections. Joe has a beautiful sister who may demur to his leaving home so soon after being on the big circuit six months, and his father may also be against it. Fisher says Nealon will put up such a strong talk at home that father and sister, if they do object, will be won over. Joe adds in his letter that he is having a good season and is well satisfied with his work. He is getting a bit heavy, but playing his position as well as ever. One Pittsburgh writer assailed Nealon for what he styled indifferent playing, but Joe has since silenced him by his improved playing.

## ANNA SENT FOR BARNEY JOY

HONOLULU LADY GOT A JAG AND THOUGHT BARNEY WOULD COME TO RESCUE.

SAN FRANCISCO, Aug. 27.—"Plain drunk" is the charge on the prison register against Anna Claudine, once the favorite dancing girl at the court of the late King Kalakaua of the Hawaiian Islands. The little woman who made the hula-hula famous, both at home and abroad, entered a plea of guilty when the name of Anna Brandt, for that is her name now, was called in Judge Weller's department of the Police Court, and a continuance for sentence was granted, but the magistrate will undoubtedly dismiss the charge when he learns that the dusky little Hapa-haole once played such an important part in the little island kingdom of the good King Kalakaua.

Anna Claudine is married now and her husband is an honest mechanic in the employ of the Union Iron Works. She has never been in trouble before and seemed to feel keenly her position when she appeared in court this morning. She was at first inclined to deny her identity when recognized in court this morning, but she finally admitted that she was the original Anna Claudine, who was wont to entertain the great King Kalakaua and guests when they chanced to visit him in his island kingdom.

During the morning an effort was made to communicate with Barney Joy, the Hawaiian baseball star, on behalf of the little woman, but Manager Danny Long was unable to get Joy on the telephone. He will be made acquainted with his little countrywoman's plight during the day and will probably do a little politics on her behalf, or will induce Jack Gleason or Danny Long to do it for him.

## LONDON'S SNARK IN HILO HARBOR

THE LITTLE YACHT HAS BEEN CLEANED UP AFTER HER STORM EXPERIENCE.

HILO, September 3.—Jack London's ketch Snark has been an object of more than ordinary interest to Hilo people during the last week as she lay at her berth by the Railroad wharf. Under the able direction of her skipper, Captain J. Langhorne Warren, she has been undergoing such a brushing as was required preliminary to her starting on her trip to Christmas Island, her next stopping place. She was suffering from the severe weather she had encountered when she arrived here. There were many minor repairs to make and a difficulty with the gasoline auxiliary engine had also to be corrected. The result of this hard work during the week has considerably changed the Snark's appearance and she is trim and neat once more.

London and Mrs. London are expected to arrive overland on Thursday. They have visited Dr. Goodhue and the Parker Ranch on their way overland. The exact date of their departure has not been decided upon.

Captain Warren has no complaint to make over the rough weather he encountered when coming to Hilo as it gave him a good working idea of what the little boat can do. He speaks enthusiastically of her seaworthiness and declares she is a good performer in any weather.

Eugene Penelon, the husky youth with the big mop of hair who has been one of the picturesque members of the Snark's crew in the capacity of en-

### ISHII'S BANQUET.

SAN FRANCISCO, Aug. 25.—Kikojiro Ishii, Japan's Minister of Immigration and Commerce, is to give a return banquet at the Fairmont Friday night to the most prominent members of the San Francisco Chamber of Commerce, inviting as his guests the men who entertained him and Secretary Straus at luncheon recently. According to the orders already in, Ishii intends to make his complimentary banquet the most elaborate affair of its kind that has yet been held at the Fairmont. He will have about forty persons at table in the magnificent red banquet-room, and there will be many kinds of choice wines and champagnes, cocktails, liqueurs and every other liquid delicacy calculated to make the banquet a notable occasion. The decorations and the music will be exceptional.

### UNIQUE HOME.

WORCESTER, Mass., Aug. 15.—Mr. and Mrs. Frank P. Felton have opened a unique summer home in the topmost branches of a willow tree, thirty feet from the ground. The house consists of two rooms, one a sleeping room and the other a sitting and dining room. The roof walls are entirely of duck, so that on particularly warm nights the roof can be drawn up.

Both Mr. and Mrs. Felton are firm believers in fresh air treatment as a prevention of all ills.

Both Mr. and Mrs. Felton are firm believers in fresh air treatment as a prevention of all ills. Engineer, has decided to leave and will probably return to San Francisco by the Enterprise. He is a college student, and finding that the trip was too long thought it wiser to get back to his studies. This leaves two vacancies on the Snark but no difficulty is expected in filling them.

## HILO HAS GROWN SAYS LYDGATE

RECALLS DAY WHEN ALEXANDER YOUNG HAD FOUNDRY WHERE BIG BUILDING NOW IS.

HILO, September 3.—"Hilo is a very different looking place from what it was when I first saw it in 1864," remarked Rev. J. M. Lydgate, of Lihue, Kauai, to the Tribune yesterday. He was here to attend the ceremony of unveiling the Wetmore Memorial in the Foreign Church, and incidentally to renew many old acquaintances.

"Across the way there on what is now the court house grounds there was only one long grass but, owned by the Coneys. It fronted on what is now Pitman street. Then there was the Catholic church and from that down to the waterfront there was not a solitary building, as my recollection serves me, until you come to the corner where Turner & Co.'s store now stands. There my father and Alexander Young, now owner of the Young and other hotels in Honolulu, had put up a foundry. What work was there for a foundry in those days? Why, there was plenty of it, for you must remember that this was a rendezvous for the whalers. There were ten or fifteen whalers in port when I first arrived here. The great place for the men to congregate was at Tom Spencers' where the Hilo hotel now stands. They must have spent a lot of money when here in port.

"Hilo in the days of which I speak was a village just emerging from the earliest condition of things. It was certainly picturesque, but you would find many inconveniences if you can

### TAFT.

A certain newspaper having observed that "the name of Taft presents serious obstacles to the political rhymester," a poet on the contributor's staff of Harper's Weekly rises to remark: The Rhymester read this note and laughed.

Said he: "That fellow must be daft if he can't see the ease of 'Taft' To Poets fore, and Poets aft, In days like these, when men of craft, When men of deep and little draft, Go in for every kind of graft. Somebody must his alms have chaffed, Or else his inky nibble's scuffed. As Editor he should be gaffed, If he can't see the endless raft Of rhyming words to point the shaft With which the expert Poets wait The thoughts their Muse has paragoned—

For and against old Billie Taft! Go to, good sir! You're off your haft!

### BUT WHO IS HOUCK?

Houck, of Ohio, predicts that if Bryan should be nominated he will be elected. Therefore, he will be elected, for he will be nominated of a surety. Logic is logic—but who is Houck, of Ohio?—Cincinnati Commercial Tribune.

Imagine it transformed back to what it used to be.

### A SHILLING SAVED REPRESENTS TEN EARNED.

The average man does not save to exceed ten per cent. of his earnings. He must spend nine shillings in living expenses for every one saved. Sometimes a few pence properly invested, like buying seeds for his garden, will save several times the amount later on. It is the same in buying Chamberlain's Colic, Cholera and Diarrhoea Remedy. It costs but little and a bottle of it in the house often saves a large doctor's bill. For sale by all dealers, Benson, Smith & Co., agents for Hawaii.
